

project display files & folders

Our brief from Coventry University - take a Japanese display file costing £7.95 and reduce the price without compromising quality; the result is the Seawhite Clear-Book, not only have we managed to cut the price by more than 70%, the product is better too!

CLEAR-BOOK

The Seawhite Clear Book is our own display-file, made to the highest specification. The frosted clear cover is highly popular, while students can still personalise.

Flip-Files provide effective presentation.

Ring Binders

have been transformed by the use of black pico covers - so popular on our Euro books.

"... I felt bound to write to congratulate you on the speed and efficiency of your service... a truly amazing turn-around considering the goods have travelled the length of the country... it was much appreciated by our students who were waiting for new stocks to mount final exhibition work."

John Bradley, Lecturer in Art & Design, Derwentside College, Consett.
