

wire-o sketchbooks euro

The avant garde Euro sketchbook was introduced by Seawhite as a new concept sketch and resource book and has become an instant winner - a perfect model of style and function.

Seawhite was the first to introduce a wide wire-0 format and none of the many copies that have followed match it for style, rigidity or paper quality.

EURO SKETCHBOOK BLACK MICROLINE COVERS

The original euro sketchbook has all the elements of the perfect wire-o sketchbook. All-media 160gsm cartridge, superb covers with rounded corners, wide-wire bound.

WOCP6	Jumbo Square (250mm)	50 sheets	white 160gsm paper

"The Euro books are very appealing and the quality is wonderful. The books are excellent for encouraging students to collect samples and experiment with different media - they are extremely popular."

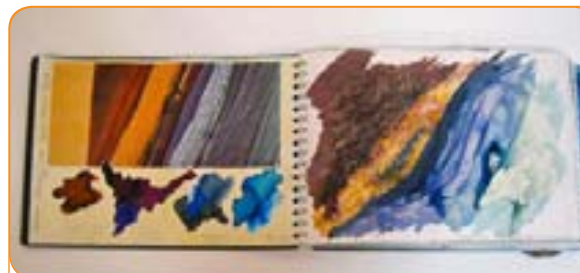

Steve Hitchin, Art & Design Department, Yale College, Wrexham, Wales.

Microline Covers - These extremely popular and stylish black microline covers are 100% recycled and complement your work perfectly.
