

Fine Line & Marker Pens

If you are looking for quality pens for design work, this selection from Mitsubishi Uni-Ball are rated amongst the best. We have picked out the most popular and priced them to sell.

MARKER PENS

Posca Markers provide wonderful vibrant colour for illustration or crafts. The water-based ink is lightfast and waterproof; best of all it covers virtually any surface - yet does not readily bleed through paper.

TECHNICAL GEL PENS

It is unusual to find a gel pen that benefits from both a smooth needlepoint tip and a retractable design. The Signo 207ND utilises permanent waterproof, smudge-proof, fade-resistant gel ink. High performance for precise technical work. The 0.7mm tip writes a 0.4mm line.
