

seawhite kits

Seawhite can make up custom kits and packs for you. This is a service where easy communication and personal service are vital - who better to work with than Seawhite?

Kits & Packs

Seawhite have the best stocks of essential materials and whether you are a retailer, a college or a school, we can help you meet the needs of the individual student.

From an A3 Polyholdall containing a few essentials to providing an extended pack for a higher level course, we are flexible in assembling packs where possible.

What can we do for you?

We have lists that can provide you with an idea of the most popular kits for any particular course or sector, or you can decide for yourself. The request for packs usually coincides with the busy summer period, so it is essential to contact us as soon as you can with your plans - this way we can discuss delivery dates and make sure that the schedule is viable.

This sketchbook is the best I've ever come across in my 30 years as a professional illustrator and sketch book junkie who's been searching my whole life for the perfect sketchbook. For all my professed love, I've treated it very shabbily and it's taken the abuse with incredible grace; its binding is still in tact perfectly, no page has loosened. I've soaked the pages in every kind of cruel solvent and it doesn't buckle. I've gauged it, cut and painted on the pages. It's incredible!
